

Sentence Practice

• 정답 p.69

C 다음을 /로 끊어 읽기를 표시하고, 빨간색으로 된 부분에 유의하여 해석해 봅시다.

^①**Could** we grow plants on the moon? ^②People have dreamed about this for a long time.

^③Now, it **might** really happen! ^④Scientists did an interesting experiment. ^⑤They planted

seeds from vegetables like broccoli. ^⑥Here's the fun part — they used real moon soil!

^⑦Astronauts brought the soil back to Earth 50 years ago. ^⑧The seeds started to grow

in just two days. ^⑨Small leaves came out. ^⑩The plants didn't grow much, but they stayed

alive. ^⑪After 20 days, the scientists picked them. ^⑫This was right before the plants could

flower.

^⑬This experiment is important. ^⑭It shows that plants can grow in moon soil, even if the

soil isn't perfect. ^⑮Maybe one day, people can grow food on the moon. ^⑯A small step like

this **could** help us live in space someday!
