

Sentence Practice

• 정답 p. 78

C 다음을 /로 끊어 읽기를 표시하고, 빨간색으로 된 부분에 유의하여 해석해 봅시다.

^①Imagine a plant that glows like a lamp. ^②Scientists at MIT are trying to make this real.

^③They used a special enzyme **that makes fireflies glow**. ^④They put it into the leaves of a

small plant called watercress. ^⑤After that, the plant began to glow a little, just like a firefly.

^⑥Right now, the light is very weak. ^⑦It is not **bright enough to use** yet. ^⑧But scientists

are working to make the plants glow brighter and longer. ^⑨In the future, these glowing

plants might take the place of lamps in homes. ^⑩They could even be used instead of

street lamps. ^⑪This would help reduce electricity use and protect nature. ^⑫Scientists hope

glowing plants will **make the world a better place** one day.
